**SUBJECT: DECLARATION OF CONFORMITY FOR DOMESTIC HOT WATER TANK
MODEL "VASO INERZIALE"**

Capacity	From 1500 lt to 5000 lt
-----------------	--------------------------------

The tank model Vaso Inerziale is built by Cordivari in accordance with EU directive 2014/68. For article 4.3 of the same directive, the tank must not be CE marked.

In compliance with EU Directive 2014/68 (PED) as well as with regulations No. 812/2013 and No. 814/2013 issued by Directive 2009/125 / EC (ErP - eco-compatible design requirements for energy-connected appliances) and by Directive 2010/30 / EC (energy labeling of the same), the technical and heat loss data together with the energy classes are shown on the labels / data sheets attached to the product. These labels / technical sheets are to be understood as an integral part of these instructions for use

The tank is built in carbon steel S 235 JR ref Uni En 10025 with Polywarm internal coating for domestic hot water. Said tank has undergone a hydraulic test equal to 1.5 times the operating pressure of 6 bar and is suitable for operation at a maximum temperature of 90 ° C.

CORDIVARI S.r.l.
